

## Available Technology at Pickens High

Pickens High School is fortunate to have an abundance of technology tools to assist students and faculty in learning.

- Seventy-five classrooms equipped with Polyvision interactive whiteboards.
- We have 4 business labs with a total of 120 computers.
- Apex lab with 16 computers.
- 5 mobile labs with a total of 150 laptops.
- 10 iPads
- Our media center has 30 computers for student use.
- The media center has numerous technologies for teacher checkout: digital cameras, camcorders, and compact digital presenters.

Additionally, all Pickens High Math teachers have classroom sets of graphing calculators for student use during class.
